

FARMRAIN®

Customize the most suitable sprayer
for your needs

临沂田雨植保有限公司
LINYI SPRAYER MACHINERY CO., LTD

Linyi Sprayer Machinery Co., Ltd, also known as FARMRAIN, is a professional manufacturer that specializes in researching, designing, producing, and selling products related to knapsack sprayers. Although our company was founded in 2011, our founder has been involved in assembling and selling sprayers since the 1990s.

FARMRAIN offers a range of knapsack sprayers, including electric, manual, and 2-in-1 knapsack sprayers, as well as batteries and accessories.

Currently, our daily production output has exceeded 2,500 units, and our annual output has reached over 800,000 units, we have already sold our products domestically and internationally in various nations and regions. In 2024, we expect our annual production output to surpass 1 million units,

FARMRAIN has professional quality control and management systems in place, certified with CCC, ROHS, CE, and ISO9001 quality management systems. In addition, the Fengdeng model, Century model, etc. have obtained patented designs.

FARMRAIN specializes in producing knapsack sprayers and is an excellent OEM/ODM partner. Our sprayers can be customized according to your needs, including the type and color of tanks, batteries, water pumps, chargers, spray lances, nozzles, and other accessories and packaging. We can customize our sprayers to best suit your needs.

Customize the most suitable sprayer for your needs

The process comprises OEM/ODM of the following steps:

Requirements
Determination

Contract Signing

Production

Design and
Development

Quality Control

Delivery

Customer Feedback
and Improvement

After-Sales
Services

FARMRAIN offers OEM and ODM Knapsack Sprayers that can be customized according to your specific needs.

To get started, please let us know your desired tank capacity (16L/18L/20L), design preference (ours or yours), and preferred color. You can then specify your pump, battery, nozzle, shoulder strap, lance, charger, and any other details as per your requirements.

Once confirmed, we will proceed with the production process and ensure strict quality control measures are in place. Our team will also handle the delivery and provide after-sales services, including customer feedback and improvements.

Don't forget to confirm your logo and packaging design with us too!
